**Eagle Network Solutions Adds 4<sup>th</sup> Partner, Co-Director of Engineering  
Robert Williams**

**Burlington, VT/ Washington D.C. – Vermont based Data Networking and Telecommunications firm, Eagle Network Solutions has added a fourth partner, Robert Williams.**

“We are all very excited to work with Bob” said ENS Managing Partner Tim Banks from his home in Burlington, Vermont. “He brings a wealth of experience to the table. Bob and his Co-Director, Chris Althuis are integral members of a powerhouse of a technical team. It’s very difficult to find a single engineer of this caliber. We’re lucky enough to have two on the roster. These guys are subject-matter experts and are relied upon by many heavy hitters in this industry. They’ve done quite a bit of pioneering when it comes to supporting the DoD’s concept of Network-Centric Warfare”.

**About Eagle Network Solutions:**

ENS is a Burlington, Vermont based technology engineering and research firm with a focus on critical voice, video, data and convergent networks. A unique compliment of extensive process-based laboratory research experience with extensive field-based practical deployment, operations and maintenance allows ENS to employ a comprehensive approach to any network-centric solution. Deep expertise in emerging technologies and the integration of these technologies with existing infrastructure keeps ENS poised to design, test and build networks capable of delivering robust, secure and dynamic data and media content. ENS solutions revolve around open standards of interoperability suited to the development of joint tactical platforms of communication.
